FOR IMMEDIATE RELEASE

**KUALITI ALAM WASTE MANAGEMENT CENTRE
BACK IN BUSINESS AND OPERATIONS**

SEREMBAN, 2 March 2015 — Kualiti Alam Waste Management Centre is back in business and operations today. All facilities at the Waste Management Centre are operational and staffs are back to work as usual.

We continue to monitor the air quality level within the vicinity of Bandar Sri Sendayan and Seremban 2 together with the Department of Environment (DOE) and Alam Sekitar Malaysia (ASMA). All results are normal and no air pollution reported.

The local community from five (5) villages surrounding the facility namely Kg Sendayan, Kg Jimah Baru, Kg Jimah Lama, Kg Gadong Jaya and Ladang Tanah Merah have been called for a briefing with Cenviro Group's Board of Directors held in the facility yesterday. The community briefing is also attended by Negeri Sembilan Exco for Public Utilities, Environment, Cooperative and Consumerism, YB Datuk Abu Ubaidah Redza and DOE officers. The event is aimed at updating the current situation following the fire incident as well as attending to the community concerns and welfare.

Kualiti Alam is continuing to investigate the possible cause of the fire incident at its facility on 27 February 2015.
